

AWE Learning Meets the Needs of Children’s Multiple Learning Styles

AWE Learning’s Early Literacy Solutions are designed to support children with diverse learning styles, creating an inclusive and engaging educational experience. By integrating a variety of sensory-based activities, AWE Learning ensures that visual, auditory, physical, social, solitary, verbal, and logical learners can thrive. These solutions help children develop foundational skills while accommodating their unique ways of learning.

Contents

4. Social Learning	3
5. Solitary Learning	3
6. Verbal Learning	3
7. Logical Learning.....	3
8. Personalized Education Plans (PEPs).....	4

AWE Learning Content Use Cases

1. Visual Learning

- **Features:** Rich visual content with vibrant colors, interactive graphics, and animations. Touchscreens enable direct interaction for hands-on exploration.
 - **Benefits:** Ideal for children with dyslexia or those on the autism spectrum. Visual cues help reinforce concepts and maintain engagement.
 - **Software Example:** *Intellijoy's "Kids Learn to Read"* supports word recognition through visually stimulating activities.
-

2. Auditory (Aural) Learning

- **Features:** High-quality audio with verbal instructions, read-aloud stories, and sound effects.
 - **Benefits:** Enhances comprehension for children with auditory processing issues by connecting sounds to words and phonetics.
 - **Software Example:** *YellowDoor's "Come Alive Listening"* fosters listening skills through immersive activities in engaging environments.
-

3. Physical (Kinesthetic) Learning

- **Features:** Interactive devices with touchscreens, buttons, and movement-based activities.
 - **Benefits:** Helps children with ADHD focus and retain information through physical interaction.
 - **Software Example:** *"Tiny Builders"* encourages hands-on exploration and task completion in a construction-themed learning environment.
-

4. Social Learning

- **Features:** Group-based tasks, collaborative games, and peer interaction activities.
 - **Benefits:** Promotes teamwork and social skills by enabling children to engage in shared exploration and discussion.
 - **Software Example:** *FingerTapp's "Jelly Jigsaw"* facilitates collaborative puzzle-solving with friends using a multi-touch interface.
-

5. Solitary Learning

- **Features:** Self-paced, independent activities tailored to a child's individual learning preferences.
 - **Benefits:** Personalized feedback helps solitary learners feel autonomous and in control of their learning journey.
 - **Software Example:** *"Tux Paint"* allows children to create art independently, fostering creativity at their own pace.
-

6. Verbal Learning

- **Features:** Activities focusing on speaking, reading aloud, and pronunciation.
 - **Benefits:** Builds language skills through storytelling, role-playing, and verbal practice in a supportive setting.
 - **Software Example:** *Help Me 2 Learn's "Phonics" Series* teaches vowels and consonants, strengthening phonics and pronunciation skills.
-

7. Logical Learning

- **Features:** Problem-solving games and structured activities emphasizing patterns, sequences, and categorization.
-

- **Benefits:** Engages logical thinkers by challenging their analytical skills and promoting critical thinking.
 - **Software Example:** *The “Connect” Series* introduces coding skills and strengthens logical reasoning through interactive problem-solving tasks.
-

8. Personalized Education Plans (PEPs)

AWE Learning’s solutions support **Personalized Education Plans (PEPs)** to tailor the learning experience. These plans can be customized based on:

- **Age**
- **STREAM Areas** (Science, Technology, Reading, Engineering, Arts, Math)
- **Language**

By offering nearly 250 STREAM-aligned titles, AWE Learning ensures that every child can explore content aligned with their individual learning needs, creating a pathway to early literacy success.

AWE Learning Solutions also come with the ability to add white-listed content via the ELF Child-Safe Browser! Find out more [HERE](#)

Click on our **Content Booklet** to see all of the **STREAM-** aligned Titles we have to offer!
